A visit of The H2O Public Education Centre

Activity Goal

- Provide children with hands-on learning experiences.
- Instill knowledge about water to the children.
- Cultivate children's attitude towards cherishing water.

Activity Introduction

Through a water resource exhibition hall, teachers and children can gain a deeper understanding of the water cycle. The interactive displays offer engaging learning opportunities, allowing them to explore ways to choose products that consume less water. This experience helps cultivate an attitude of cherishing water among children.
