Project Approach --- Chinese Art Exhibition

Activity Goal

- Understanding traditional Chinese artworks
- Understanding traditional Chinese performing arts
- Enhancing children's understanding of traditional Chinese artworks
- Cultivating an appreciation for others' performances

Activity Introduction

The teacher introduces Chinese culture to children through a thematic web and various traditional Chinese artworks. This approach encourages the children to collaboratively gather relevant information and share their findings at school. After synthesizing the information, the teacher collaborates with the children to develop a "Project Approach - Chinese Art Exhibition," creating activities based on their interests. Upon completion, parents are invited to participate in the exhibition, fostering an appreciation of Chinese culture among families.
