2023-2024

Year

K3

Grade

Event Name

Design Activities --- Holiday Life

Activity Goal

1. Understand Chinese traditional culture and art (paper-cutting, ink painting, blue and white porcelain)
2. Enhance children's understanding of Chinese culture
3. Understand Chinese childhood toys (playing shuttlecock, picking bamboo sticks, playing tops)

Activity Introduction

The teacher asked the children to share how they spent the Lunar New Year holiday. After sharing, we observed that most of the children went to China. Therefore, the children were guided to collect the relevant information through "Design Activities---Holiday Life" and the children were invited back to school to share. During the activities, children shared information about Chinese food, learned ink painting, paper cutting, designed blue and white porcelain, Chinese childhood toys, etc., thereby learning Chinese culture and art.
