Design Activities --- Food Exhibition

Activity Goal

1. Understand traditional Chinese food (dumplings, candied fruit).
2. Enhance children's understanding of traditional Chinese food.
3. Understand Chinese table manners.
4. Recognize the tableware needed when eating.

Activity Introduction

The teacher introduced the book 《鼠族世界會議》" to the children about traditional Chinese food and different table manners. Then the teachers guided the children to collect relevant information together and invited them to share their thoughts at school. Afterwards, the teacher consolidated the information, and developed " Design Activities - Food Exhibition" with the relevant activities according to children's interests. We had also invited parents to participate in the exhibition and promote Chinese culture to parents.
