Activity Goal

1. Teach children to use money wisely
2. Help them understand the concepts of needs and wants
3. Establish correct financial management concepts in young children

Activity Introduction

Through games, staff introduce financial concepts to children. The "Money Management" game helps them understand the concepts of needs and wants. The "Dream Doodle" interactive game allows children to appreciate the beautiful scenery of Victoria Harbour, the Tsim Sha Tsui Clock Tower, and Lion Rock while learning to use money wisely to achieve their dreams. The "Financial Farm" interactive game lets children experience the bountiful harvest that comes from hard work. Throughout the process, children develop sound financial concepts such as saving, spending, and donating.
