Event Name

A Visit to Brighter Smiles Playland

Activity Goal

1. Learn about oral hygiene.
2. Know how to clean teeth properly.
3. Understand the proper manners and attitudes during the visit

Activity Introduction

Children learn oral health knowledge through lively and engaging game activities. At “Sunny Smile Play Park,” different play stations are set up—such as a simulated dental clinic—where children take turns and can naturally understand the concepts while having fun. Meanwhile, the activity uses an interesting story to help them recognize the importance of oral health; They also practice by watching and using an oral model to learn the proper brushing steps.
